

## RADIOLOGY PROGRAM - CHEST TRACK

| Saturday, February 5, 2022 |  | Speaker                   |
|----------------------------|--|---------------------------|
| 8:00 - 8:25 am             | Imaging Aspects of New Guidelines for Classification of ILD: UIP, HP, and Early Interstitial Abnormality | Andrea Oh, MD             |
| 8:25 - 8:50 am             | Updated Imaging Classification of Hypersensitivity Pneumonitis   | Stephen Hobbs, MD, FSCCT  |
| 8:50 - 9:15 am             | Imaging of Occupational Lung Disease   | Andrea Oh, MD             |
| 9:15 - 9:30 am             | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Kambiz Motamedi, MD</b>                               |                           |
| 9:30 - 9:45 am             | <b>BREAK</b>   |                           |
| 9:45 - 10:10 am            | Imaging of Diffuse Cystic Lung Disease   | Stephen Hobbs, MD, FSCCT  |
| 10:10 - 10:35 am           | Inhalational and Noninhalational Causes of Emphysema   | Andrea Oh, MD             |
| 10:35 - 11:00 am           | Pneumoconiosis: Modern Imaging of Mining Related Lung Diseases   | Stephen Hobbs, MD, FSCCT  |
| 11:00 - 11:15 am           | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Daniel Saket, MD</b>                                  |                           |
| 11:15 am - 11:30 am        | <b>LUNCH BREAK</b>   |                           |
| 11:30-12:00pm              | <b>Three Strong Trends Influencing Radiology - William Bradley Memorial Lecture</b>                      | <b>Dieter Enzmann, MD</b> |
| 12:15 - 12:40 pm           | Thoracic Complications in Cancer Imaging   | Kathleen Ruchalski, MD    |
| 12:40 - 1:05 pm            | Immunotherapy-Related Adverse Events: Imaging Manifestations   | Antonio Gutierrez, MD     |
| 1:05 - 1:30 pm             | Mimics of Cancer Progression in the Chest  | Emily Tsai, MD            |
| 1:30 - 1:45 pm             | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Denise Andrews-Tang, MD</b>                           |                           |
| 1:45 - 2:00 pm             | <b>BREAK</b>   |                           |
| 2:00 - 2:25 pm             | Muscles of the Thorax  | Antonio Gutierrez, MD     |
| 2:25 - 2:50 pm             | RECIST 1.1 and Modifications for Thoracic Imaging  | Kathleen Ruchalski, MD    |
| 2:50 - 3:15 pm             | Incidental Findings on Lung Cancer Screening   | Emily Tsai, MD            |
| 3:15 - 3:30 pm             | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Kambiz Motamedi, MD</b>                               |                           |
| 3:30 - 4:00 pm             | <b>HAPPY HOUR</b>  |                           |

| Sunday, February 6, 2022 |  | Speaker                  |
|--------------------------|--|--------------------------|
| 8:00 - 8:25 am           | Mama Told Me There'd Be Days Like This: Challenging Cardiac CT Cases Part 1                      | Jill Jacobs, MD, MS-HQSM |
| 8:25 - 8:50 am           | Cardiac CT - from Structure to Function  | Joseph Schoepf, MD       |
| 8:50 - 9:15 am           | Mama Told Me There'd Be Days Like This: Challenging Cardiac CT Cases Part 2                      | Jill Jacobs, MD, MS-HQSM |
| 9:15 - 9:30 am           | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Kambiz Motamedi, MD</b>                       |                          |
| 9:30 - 9:45 am           | <b>BREAK</b>   |                          |
| 9:45 - 10:10 am          | Imaging of Native Coronary Artery Disease  | Joseph Schoepf, MD       |
| 10:10 - 10:35 am         | Coronary CT Angiography for the Evaluation of Coronary Atherosclerosis                           | Jill Jacobs, MD, MS-HQSM |
| 10:35 - 11:00 am         | Artificial Intelligence in Cardiovascular Imaging  | Joseph Schoepf, MD       |
| 11:00 - 11:15 am         | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Cameron Hassani, MD</b>                       |                          |
| 11:15 am - 11:30 am      | <b>LUNCH BREAK</b>   |                          |
| 11:30-11:45 am           | <b>LARS Annual Membership Meeting</b>  |                          |
| 12:00 - 12:25 pm         | Lung Transplant: Imaging Features and Complications  | Melissa Price, MD        |
| 12:25 - 12:50 pm         | Cardiac CT How-to: Preprocedural Patient Planning, Imaging Techniques, Post-Imaging Patient Care | Cameron Hassani, MD      |
| 12:50 - 1:15 pm          | Congenital Coronary Artery Anomalies   | Ashley Prosper, MD       |
| 1:15 - 1:30 pm           | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Margaret Lee, MD</b>                          |                          |
| 1:30 - 1:45 pm           | <b>BREAK</b>   |                          |
| 1:45 - 2:10 pm           | Mediastinal Masses   | Melissa Price, MD        |
| 2:10 - 2:35 pm           | Imaging of Acute Aortic Syndrome   | Cameron Hassani, MD      |
| 2:35 - 3:00 pm           | Imaging Pre and Post-Surgery for Fontan Circulation  | Ashley Prosper, MD       |
| 3:00 - 3:15 pm           | <b>Live Q&amp;A with Speakers</b><br><b>Moderator: Kambiz Motamedi, MD</b>                       |                          |
